**Application No.:** 10/755,966  
**Office Action Dated:** March 24, 2006

**PATENT**

**REMARKS**

This is in response to the Requirement for Restriction dated March 24, 2006. A request for a 4-month extension of time and fee accompanies this Response.

Applicants hereby elect Group I (Claims 1-32, 38-45, and 47-65) without traverse for prosecution in this case. Applicants reserve the right to pursue non-elected claims in one or more divisional applications.

Applicants further elect SEQ ID NO:7 as the elected species. It is the Applicants' understanding that the above election is being made to aid the Examiner in conducting a search and examination of the claimed subject matter, and is not to be construed as limiting the scope of Applicants' claims. It is also Applicants' understanding that, if the elected subject matter is found to be allowable over the prior art, the search and examination will be expanded to cover other species, until it includes the full scope of the generic claims included in the elected group.

The present application is now believed to be in condition for examination on the merits. Favorable examination leading to early allowance of this application is requested.

Respectfully submitted,
